### Seminar on **Understanding Corrosion and Potential Failures of CANDU Pressure Tubes**

In keeping with its mandate to provide a program of current interest and concern to our members, the Quebec Branch of the Canadian Nuclear Society invites you to take part in this meeting. Professor Jerzy Szpunar, Department of Materials Engineering at McGill University, will give a seminar on 'Understanding Corrosion and Potential Failures of CANDU Pressure Tubes.' The seminar and tour of the laboratory will be in English.

Please register for this event by sending an e-mail to Dr Szpunar with a Cc to M. Jaro Franta
